SUNMAN UTILITIES

SUMMER METER PROGRAM - 2026 ANNUAL READING

604 North Meridian Street, Sunman, IN 47041 | 812-623-2066

Dear Summer Meter Program Customer,

It is that time of year to read your summer meter and send in the reading so we can calculate your wastewater adjustment. Please complete the customer section below and return this form no later than November 10, 2026.

You may mail it to Town of Sunman, P.O. Box 147, Sunman, IN 47041; place it in the utility drop box located by the blue USPS post office box across from the Town Hall doors; or stop in, say hi, and drop it off at Town Hall.

SUMMER METER CARE & WINTER STORAGE

Please remember that the summer meter is your property, and its maintenance and care are your responsibility. Replacement meters average approximately $135. Please handle and store your meter carefully. Before freezing temperatures arrive, disconnect the meter and bring it into a temperature-controlled environment for the winter. Water left in the meter can freeze and may cause the meter to crack or break.

Accessibility assistance: If you need help completing this form or need it in another accessible format, call Town Hall at 812-623-2066.
