

The People of Sunman

At the top of the Town of Sunman's organizational structure are **the people of Sunman**. The residents of the community have the responsibility and privilege of electing the officials who represent them and conduct the business of the Town. Voters elect a **three-member Town Council** and a **Clerk-Treasurer**. These elected officials are accountable to the citizens they serve and are responsible for making decisions, managing Town operations and finances, and carrying out the duties established by Indiana law for the benefit of the community.
